## FRAME REPAIRS WORKSHOP

Optical Dispensers Australia (ODA) is excited to offer WA eyecare professionals an engaging 2.5-hour practical workshop specifically tailored for Optical Assistants, Optical Dispensers and Optometrists looking to enhance and refine their frame repair skills. This structured workshop will feature practical demonstrations and hands-on experiences, covering a variety of key repair techniques.

Participants will have the opportunity to either acquire new skills or hone their existing expertise under the expert guidance of an experienced optical mechanic and qualified trainer. Delegates will receive an ODA certificate of attendance to acknowledge their commitment to professional development and ODA Members will gain 2 ODA CPD points.

**Join ODA for this invaluable opportunity to elevate your skills and enhance your practice!**
